Coffee Table

Artist: Jason Kelly Johnson / Futureforms

Inspired by clouds and patterns found in nature, the **NEFOS Coffee Table** fuses hundreds of steel discs to produce an exuberant three-legged vaulted form. Artist Jason Kelly Johnson mixes creativity and innovative technical solutions to produce bespoke art and furniture that evokes dynamism and lightness. Fabricated in the artist's Northern California workshop, the NEFOS limited edition coffee table combines cutting edge digital craft with traditional metal working. The Artist's unique design and fabrication process ensures that each table is truly a one a kind work of art.
